Winemakers' Notes

Spring is unpredictable. You may get sunshine one day and rain another. The SMAK Spring Rosé encompasses these qualities, and you'll be reminded of whichever spring mood you're in.

The Spring Rosé bouquet blooms like the spring flower - lilac and lemon blossom dominate in the beginning, then evolves into citrus and apricot. The minerality reminds me of spring rain with a touch of wet stones and oyster brine.

On the palette, the natrual acid from Sangiovese wakes you up while juicy white peach and Asian pear notes appear. Among the apricot and lemon/lime one may also find green apple and Himalayan pink salt.

This Rosé pairs well with oysters, sushi, spicy foods, deep fried foods, and spring cuisines with goat cheese and avocado.
